AND BOMBAY INDUSTRIAL ASSOCIATION

OAKLEEAF ROBOTICS DIWALI 2017 CERTIIFICATION

On 5th Day of Nov. 2017 this certificate stands testimony to completion of

Oakleeaf Robotics Diwali Camp by **Rubaika Zaidi**

During this program she has learned designing and operation of basic robotics projects

Certificate # 00521

Mr. Siddhesh Naik
Founder - Oakleeaf

OAKLEEAF- 10-Sea View, Sect 44A, Seawoods (W), Navi Mumbai | oakleeaf.com

OAKLEEAF INTERNATIONAL ROBOTICS

Registered with Federation of Researchers Association
For Mind & Brain Education | Bombay Industrial Association

This is to certify that **RUBAIKA ZAIDI** has successfully completed Level 1 A of OAKLEEAF Q7 course in the year **2018** with grade ___

During the course he/she used Maker Breaker kit to learn about the use of basic components in robotics such as led, tact & slide switch, motor, buzzer, battery, Light sensor, etc. while making various electronic circuits & projects.

Given on this **10** day of **March 2018**

Certificate No. :OKL-RBT-L2-00573

OAKLEEAF EARLY ENGINEERING THROUGH ROBOTICS

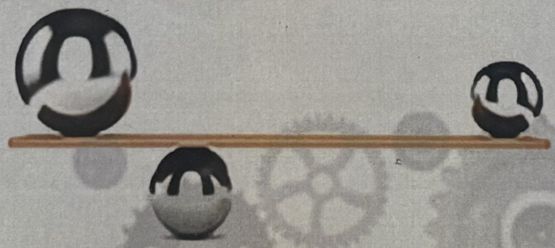

Registered with Federation of Researchers Association
For Mind & Brain Education | Bombay Industrial Association

This is to certify that **Rubaika Zaidi** has successfully completed Level 2 of OAKLEEAF Q7 course.

During the course he/she used Mechatrix equipments to learn about basic mechanical laws & designing fundamentals like balance, movement & directions, channel basic, designing mechanical chassis & projects in robotics.
Introduction to components such as spanners, tool kits, various RPM motors, metrix remote with FRC and intercon.

Given on this 16th day of Sept. 2018

OAKLEEAF ROBOTICS LEVEL 5 – CODING I

On 18thDay of January 2020 this certificate is awarded to **Rubaika Zaidi**

For successfully completing Level – 4 of Oakleeaf Q-7 Robotics Program. During this training he was introduced to programing language C and Arduino IDE.

She has successfully completed sensor based Arduino controlled mechatronics projects with final project being obstacle avoider and line follower wheel based moving robot

Certificate # 00516
